

FUSION HAIR MILES.

Rewards for our loyal client.

For every purchase in the salon, on any service, professional or retail, you will receive points, these points will be logged on our computer against your records for you to personally use against any future service you require in the salon.

Save them if you wish until you have enough for a completely free service or use them as you acquire them for a reduction in your next professional bill in the salon.

The FUSION HAIR MILES is designed to replace our old Loyalty card System and unlike that system it is designed to thank you for being Loyal to the salon and not necessary just to that stylist.

You can use the points against any professional service with any stylist in the salon, or why not save them up and come in and pamper yourself with a choice off our beautician services menu.

Watch out for future promotions with FUSION HAIR MILES when we will be offering treble or even quadruple points on some services or retail sales.

In reality when other salons offer a % discount on services, any one can take advantage of that discount, with FUSION HAIR MILES your loyalty to us is rewarded.

Watch out for the FUSION HAIR MILES WHEEL OF FORTUNE, every quarter the wheel will be spun and the person with the nearest unique point figure to where it finishes will receive a completely free service.

Terms and conditions can be viewed at the salon
